

Annual Congress of the Sports and Preventive Medicine Society

Dear colleagues, dear friends,

I'd like to invite you to attend Scientific Sessions of The Sports and Preventive Medicine Society. These sessions are a traditional and integral part of WMTS Congresses. It's a unique opportunity to bring together colleagues of different medical branches. This year we have prepared mixture of lectures of traditional and some new speakers from different countries. We asked also some speakers from Czech Republic, mostly from my Alma Mater – The Medical Faculty of the Charles University in Pilsen (Plzeň). First of all I'd like to introduce spectabilis – Dean of Medical faculty, Assoc. Prof. Boris Kreuzberg, MD, member of The Honorary Committee of our Congress. He will give his lecture on Tuesday 23, 2011. Last but not the least I'd like to introduce Prof. Richard Rokyta, PhD, DSc, FCMA, actually the Chairman of The Czech Medical Academy and also an alumni of the Pilsner Faculty. He is the Professor of 3rd Medical Faculty of Charles University in Prague now and respected expert in physiology and pathophysiology of pain.

I'd like to mention that Charles University is the oldest university in Middle Europe. It was founded by Emperor and Czech King Charles IV in 1348. Charles University has three medical faculties in Prague and Medical Faculty in Pilsen and Hradec Králové.

Scientific sessions will be held in the Bohemian Hall of Grand Hotel Pupp. Colleague Assist. Prof. Jaroslav Novák, MD from the Institute of Sport Medicine of Medical Faculty in Pilsen and me will be chairmen of these scientific sessions. We'd be very pleased to welcome you at these sessions.

Jan Kirchner, MD,
President of the Congress
